

3,300,000 DIAPERS

distributed to children across six Athens-area counties

75,000 BABIES

supported to stay clean, dry, and healthy

42 PARTNERS

distributing our diapers and offering families immediate relief

10 YEARS

of diapering with dignity.
Thank you for your support!

Helping hands from the start: our founder's daughter lending a little extra love to the very first diaper collection!

A DECADE OF DIAPERS

What began as a grassroots effort in a minivan has grown into a thriving community of care. Together, we're celebrating ten years of keeping local babies clean, dry, and healthy!

2015

Our founder began collecting diapers from neighbors and distributed **8,000 diapers**, all from the back of her minivan.

2018

Athens Area Diaper Bank became a 501(c)(3) nonprofit and shared **34,000 diapers** with local families.

2020

Community generosity and COVID-19 emergency response fueled a huge growth year, with over **270,000 diapers distributed**.

2021

We moved into our current warehouse, hired our first staff member, and expanded diaper distribution to **315,000 diapers**.

2024

A new van for mobile distributions allowed us to reach rural communities, growing our distribution to **824,295 diapers**.

2025

We continue to grow our organization's capacity, and are proud to celebrate **ten incredible years!**

BEYOND THE DIAPERS

We distribute 65,000+ diapers every month. See what families are experiencing after receiving our diapers this year:

- ♥ 97% of families report **improved child health**
- ♥ 99% of families report **improved family well-being**
- ♥ 98% of caregivers feel **more confident as parents**
- ♥ 96% report improved ability to **afford other necessities**

"Being a parent is challenging in every aspect. My kids can now have clean diapers and wipes and feel comfortable. It makes me feel better as a parent to know I'm not in this alone."

AADB Diaper Recipient

Our Mission

Athens Area Diaper Bank strives to **eradicate diaper need** by providing diapers to low-income families in the Athens area, while **raising public awareness** of diaper need and its impact.

Our Programs

AADB connects families with diapers through **partner agencies, mobile distributions, and advocacy** to strengthen families, improve child health, and offer dignity and relief across our community.

Why Diapers?

Diaper need, or the lack of enough diapers to keep a baby clean, dry, and healthy, **affects 1 in 2 U.S. families**. Government assistance programs like WIC and food stamps do not cover diapers.
