

ANNUAL IMPACT REPORT 2023

OUR YEAR, BY THE NUMBERS:

648,139 diapers distributed
13,612 children served

DIAPERS MAKE A DIFFERENCE.

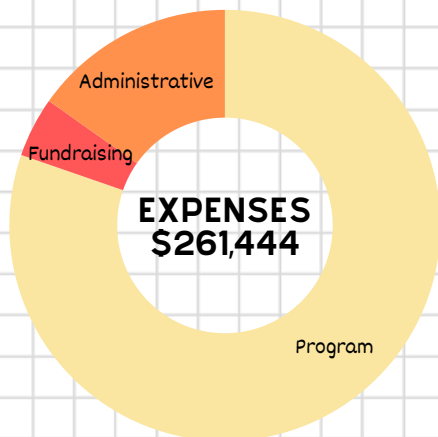

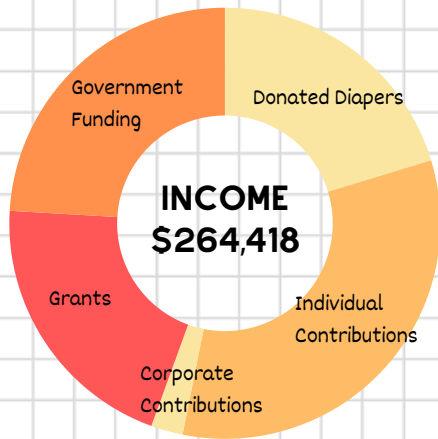

- 91% of families report that our diaper assistance improved the health of their child.
- 98% of families report that our diaper assistance improved the general well-being of the whole family.
- 92% of families report that our diaper assistance helped them feel connected to other community resources
- 70% of families report that our diaper assistance allowed them to spend money on other basic needs such a food, clothing, and transportation.

OUR COMMUNITY STEPPED UP BIG TIME.

242,569 Diapers donated
625 Volunteers
1,172 Volunteer Hours

“Several moms have come to us just because they heard we have diapers, and then end up enrolling in a parenting class, Healthy Families, getting a new safe car seat, etc.”
-Brightpaths, an AADB Community Partner

OUR OPERATIONS ARE EFFICIENT AND OUR REVENUE STREAM IS DIVERSE.

“The monthly cost of diapers is about what you'd spend on electricity; so this service can help my clients keep the lights on.”
-AADB Community Partner

“Thank you all. Being a parent is challenging in every aspect...My kids can now have clean diapers and wipes and feel comfortable. It makes me feel better as a parent to know I'm not in this alone.”
-Abbey, diaper recipient

Hi friends,

Here's what's beautiful: what we do is simple. We turn your support into diapers. But the impact you make goes far beyond a diaper change. Diapers improve an entire family's physical, mental, and economic health.

Here's what's even more beautiful: we do this by working with community partners so we can reach families facing different circumstances throughout our entire service area. Our model is efficient AND effective.

Thank you for our best year yet!

Diaper on!
